WHITE

CASABLANCA—Plant Patent No. 612. A fine white variety with large, full, pure white flowers that are very fragrant. The stems are long and rigid. Casablanca is a good producer of quality white carnations.

\$20.00 per 100 — \$150.00 per 1,000

PATRICIAN—The old stand-by in white for many growers. The flowers are large and full. The stems are stiff and of medium length. It is a good producer and is well adapted to field culture.

\$8.50 per 100 — \$75.00 per 1,000

OLIVETTE—A very widely grown white variety. The flowers are good sized and well formed. The stems are average length and rigid. Olivette is a very heavy producer and does well under field culture if benched early.

\$9.00 per 100 — \$85.00 per 1,000

NORTHLAND—A new white that is gaining in popularity. The flowers are large and full and pure white. The stems are stiff and of good length. Makes bushy plants with above average production.

\$20.00 per 100 — \$150.00 per 1,000

LIGHT AND SALMON PINK

POLLYANNA—Plant Patent No. 434. Pollyanna is one of the best commercial varieties. The flowers are larger than average and a good salmon flesh pink. The stems are stiff and average length. Pollyanna is one of our best producers and does well under field culture.

\$15.00 per 100 — \$125.00 per 1,000

LIGHT PINK ABUNDANCE—Plant Patent No. 56. The light pink sport of the well known Pink Abundance. Resembles the parent in size, growth and production.

\$8.50 per 100 — \$75.00 per 1,000

VIRGINIA HERCULES—A large sport of Virginia and identical in every respect except size. The flowers are a clear light pink with deeply serrated petals. The stems are medium length and rigid. Like all Virginia varieties it is a good producer.

\$15.00 per 100 — \$125.00 per 1,000

RED

TOM KNIPE—Plant Patent No. 533. The finest of the red varieties. The flowers are large and full with serrated petals. The stems are long and rigid. Tom Knipe is a very good producer of top quality flowers. The difficulty with burned edges on the petals that has been experienced by some growers can be overcome by lowering the nitrogen level in the soil.

\$20.00 per 100 — \$150.00 per 1,000

KING CARDINAL—Plant Patent No. 148. Although King Cardinal is being replaced in some areas by Tom Knipe, the brilliant scarlet color and easy growing habits keep it at the head of the list of popular varieties. The stems are long and rigid and the growth under field culture is ideal. King Cardinal was selected as the most valuable carnation variety during the period 1935-40.

\$12.00 per 100 — \$100.00 per 1,000

FIRE CHIEF—Plant Patent No. 463. A King Cardinal sport with a little darker color and larger flower. The growing habits are identical to Cardinal.

\$20.00 per 100 — \$150.00 per 1,000

MEDIUM PINK

ROSALIE—Plant Patent No. 319. Our most valuable dark medium pink variety. The flowers are large and full and do not split. The stems are long and rigid and the production is very good. Rosalie plantings are increasing every year. A special rate for repeat orders is available. See the "Terms of Sale".

\$20.00 per 100 — \$150.00 per 1,000

DOROTHY NAPIER—Plant Patent No. 544. Bright medium pink color, large full perfect flower. The stems are rigid and a good length. The color holds well in warm weather. A good producer of real quality flowers.

\$20.00 per 100 — \$150.00 per 1,000

PINK TREASURE—Plant Patent No. 219. A beautiful shade of light medium pink, large full flowers and rigid stems of average length. Pink Treasure is unbeatable for quality production. Field culture produces bushy plants. See "Terms of Sale" for special rate on repeat orders.

\$15.00 per 100 — \$125.00 per 1,000

PINK ABUNDANCE—A very free producing medium pink selected as the most valuable new variety during the period from 1925-30. The flowers are average size with a good stem length.

\$8.50 per 100 — \$75.00 per 1,000

VIVIAN—Bright medium pink coming into bloom early in the fall. Responds to field culture making bushy plants that give a heavy production.

\$8.50 per 100 — \$75.00 per 1,000

VIRGINIA ROSE—A Virginia sport with a good light medium pink color. The serrated petals, growth and production are identical to the original Virginia.

\$9.00 per 100 — \$85.00 per 1,000

CRIMSON AND PURPLE

SETH PARKER—Plant Patent No. 372. An excellent bright crimson color that lights up under artificial illumination. The flowers are large and do not split and the stems are long and rigid. Seth Parker is a very heavy producer. Special rate is available on repeat orders. See "Terms of Sale".

\$20.00 per 100 — \$150.00 per 1,000

POTENTATE—A fine crimson-purple color that is always in demand for distinctive arrangements. The flowers are more than average size and well formed.

\$8.50 per 100 — \$75.00 per 1,000

BEUERLEINS CRIMSON—A very heavy producer of average size crimson flowers.

\$8.50 per 100 — \$75.00 per 1,000

YELLOW

YELLOW GOLD—Plant Patent No. 274. A good clear yellow color with more than average sized flower. The growth and production are good for a novel color.

\$12.00 per 100 — \$100.00 per 1,000

VARIEGATED

SYMPHONY (Pictured on front page)—Plant Patent No. 534. The reddish-purple stripes on a delicate mauve background give Symphony an unusual color contrast sought after by leading floral designers. The flowers are full and larger than average. Stems are medium length and stiff. The plants grow freely giving good steady production from early in the season straight through. It can be grown under glass or in the field during the summer with equally good results. We believe that Symphony with its striking coloring will do much to keep carnations at their present popularity.

\$20.00 per 100 — \$150.00 per 1,000

BARBARA BRIGHAM—An unusual color combination of pink pencil stripes on an orange background. It is very attractive and much in demand. The flowers are more than average size and well formed.
